Filter isn't working

Tried to sort prices from highest to lowest but it doesn't work.

When we sort price form highest to lowest we didn't get expected result. It functionality doesn't work.

Click on relevance and pick "Sort by : Highest Price"

Expected result: User is successfully sign and navigated to desired section click on item he wanted and it's sort by highest price.

User didn't get any sort by.

Medium priority and low severity.

100.00%
